Designed With The User In Mind.

Powerful.

Our super reliable, high torque, M10 Motor delivers 10,000rpm (geared to 360rpm) producing outstanding cleaning results.

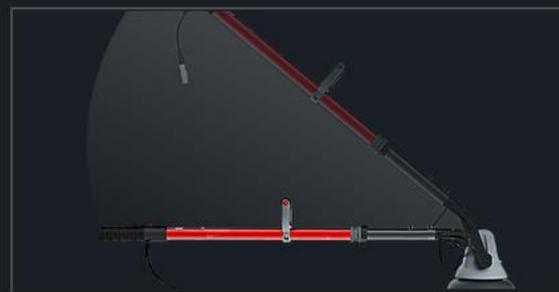

Lightweight.

Under 2kg (3.3lbs) M3 is extremely lightweight, designed for prolonged use and scrubbing walls up to 3m (9.8ft).

Telescopic.

With its telescopic handle as standard, M3 swiftly adjusts to any user height.

Pivoting Handle.

The pivoting handle allows M3 to gain access and clean underneath objects as low as 20cm (8").
